

Join Cisco at VMware Partner Exchange

Please join Cisco at VMware Partner Exchange, February 8-13, at the Moscone West Convention Center in San Francisco, California.

Cisco is a Diamond Sponsor at this year's event, and the following are a few of the ways you can connect with us onsite to learn more how Cisco is unleashing innovation through the power and intelligence of the network, enabling people to connect, exchange ideas, and create rich experiences.

Visit Booth 201 to Meet the Cisco Experts

- Cisco® servers: Cisco Unified Computing System™ with VMware
- Cisco Nexus® 1000V and Intercloud
- Cisco UCS® and VMware Horizon View (VDI)
- Cisco Unified Management
- Converged Infrastructure at the branch

Register for the Cisco Bootcamp

Cisco Bootcamp

Connect, Discover, Learn with Cisco:
Monday, February 10, 8:30 a.m. – 5:30 p.m.

The Cisco Bootcamp is dedicated to educating and enabling you to successfully sell and deploy Cisco with VMware solutions. You will:

- Understand the role Cisco Servers and Networking play to deliver Converged Infrastructure solutions based on “Vblock”, Integrated Infrastructure solutions based on “FlexPod” and “VSPEX”
- Gain insights to identify your customers’ needs effectively and acquire new customers

- Find out how to expand business by cross-selling Cisco solutions and services
- Network with other partners, Cisco experts, and executives
- Walk away with go-to-market selling strategies that enable you to accelerate your business

As a special thank you for attending, all bootcamp attendees will receive a gift card at the end of the day.

Attend the Cisco Breakout Session

Blurring the Lines of Physical and Virtual Infrastructures:
Tuesday, February 11, 10:30 – 11:30 p.m.

Attend the Cisco breakout to learn how Cisco is continuing to innovate by bringing together the physical and virtual worlds with the Unified Computing System. Discover what you can achieve with the tight integrations between Cisco UCS & VMware: - beyond service profiles which can configure or reallocate resources to ensure applications and new services are running in minutes not weeks, -beyond existing support for both blade and rack form factors in a single management domain, -beyond supporting both physical and virtualized workloads in the same system, -beyond a system that is optimized for the elements to work so efficiently together, that it has achieved over 80 world record breaking benchmark performance results.

Meet with Cisco Experts Onsite

Cisco executives and subject matter experts will be available to meet with you one on one at VMware Partner Exchange. To schedule a meeting, send a request to <http://cisco.cvent.com/d/54q14w>.
